Lifetime Guarantee

MAXXIS

WHAT IS IT?

Confidence for the Full Life of Your Tyre

Thank you for choosing Maxxis.

Maxxis tyres are engineered and manufactured to high standards; they're built to deliver reliable performance throughout their lifespan. That's why we provide a Lifetime Guarantee, giving you added peace of mind on every journey.

What your guarantee covers

If your tyre becomes damaged during normal driving and cannot be safely repaired, you'll receive an allowance towards a replacement.

Your replacement cost is based on the remaining tread on your tyre. The more tread remaining, the greater your allowance.

HOW DOES IT WORK?

Your claim is assessed by your original Maxxis retailer using a tread depth gauge, ensuring your allowance is calculated accurately and explained clearly.

Your replacement allowance

Your allowance is based on the remaining tread depth of your tyre at the time of claim:

TREAD REMAINING	YOUR ALLOWANCE
7mm and above	100%
5.0mm to 6.9mm	75%
3.0mm to 4.9mm	50%
2.0mm to 2.9mm	25%
Below 2.0mm	NIL

Higher remaining tread = higher allowance towards your replacement tyre.

What's Included

- Accidental damage during normal personal driving.
- Non-repairable punctures.
- Unexpected tyre failure in everyday use.

What's Not Included

- Commercial or hire use (e.g. taxis, rental vehicles)
- Competition, track, or off-road driving.
- Deliberate damage or misuse.
- Tyres not maintained in line with manufacturer guidelines (e.g. running underinflated or with incorrect wheel alignment).

WHAT DO I NEED TO DO?

Making a claim is quick and easy

If you experience a problem, simply return to your original retailer with:

- Your tyre
- Proof of purchase

Your retailer will assess the tyre and, if eligible, replace it and apply the appropriate allowance.

Important Information

- This lifetime guarantee is valid only at the original supplying Maxxis retailer.
- Proof of purchase is required for all claims.
- The Lifetime Guarantee is transferable with the vehicle.
- Standard fitting practices, including valve replacement and wheel balancing, may incur additional charges.

Our Promise

- High-quality tyres you can rely on.
- Fair and transparent support.
- Confidence for every journey.

Drive with confidence.
